Enhance your career prospects: ParisTech encourages bright, ambitious science students to apply for a Master's degree in Science and Engineering at the most prestigious French Graduate Schools of Engineering, a unique opportunity for an international career.

► **Admissions requirements**

- For admission into the two-year Master's programme at Agro ParisTech, Arts et Métiers ParisTech, Chimie ParisTech, Ecole des Ponts ParisTech, ENSAE ParisTech, ENSTA ParisTech, ESPCI ParisTech, Institut d'Optique Graduate School, MINES ParisTech, Telecom ParisTech, you are required to have successfully completed at least 7 semesters of a Bachelor's degree in Science or Engineering at your home university by September 2011.
- For admission into the three-year Master's programme at Ecole Polytechnique, you are required to have successfully completed 4 to 6 semesters of a Bachelor's degree in Science or Engineering at your home university by January 2011.

Areas of specialisation

* applied mathematics * computer science * statistics * finance * physics * optical sciences * economics & social sciences * executive engineering * industrial & production engineering * materials science & engineering * mechanical engineering * offshore engineering * naval architecture * civil engineering * town & country planning * transport engineering & systems * electrical, electronic & photonic engineering * Information technology & telecommunications * robotics * automatics * energy & nuclear engineering * chemistry * chemical engineering * earth sciences * environmental engineering * life sciences * forest engineering * agricultural engineering * computational biology * bioengineering & biophysics

► **Procedure and deadline**

- For general information about the admissions programme and procedure see: http://www.paristech.fr/en/cooperation_china_pgm.html
- Contact the International Office at your university to participate in the pre-selection procedure.
- Submit your online application to ParisTech: <http://admissions.paristech.fr/CHN>
- Students wishing to be considered by Ecole Polytechnique MUST also complete the Ecole Polytechnique online application on http://www.polytechnique.fr/concours/voie2_et/etranger/english/angl_present.php
- All applications must be received no later than the date shown on the web site, generally around the beginning of October. Late applications will be rejected.
- Eligible applicants will be asked to take a written test in October 2010 and will be interviewed in China between the end of October and the end of November 2010 by ParisTech representatives (see website for more details).
- Final admission decisions will be announced by mid-December 2010.

► **Scholarships**

Students admitted will benefit from a tuition waiver (up to €18,000 a year) for the duration of their stay at their host ParisTech School. Scholarships (of up to €15,000 a year) covering travel and living expenses may be awarded to outstanding applicants by the French or the Chinese authorities, by industrial sponsors and by the foundations of ParisTech schools.
